LIGHTENING WITH A NEW COLOUR BLEACH

A New Colour Bleaching Powder is recommended for all off-scalp lightening and highlighting techniques. It is advisable to apply A New Colour bleaching powder to dry and non-shampooed hair.

- Prepare the mixture following the recommended mixing ratios that can vary from 1:2 up to 1:3 (powder:activator) according to the texture of product you wish to obtain.
- Only use A New Colour Activators 5 vol, 10 vol, 20 vol or 30 vol to obtain the texture required for the mix.
- A New Colour Bleach is designed to be used with 5 vol, 10 vol, 20 vol or 30 vol activators. 40 vol activator is not recommended.

ACTIVATOR	EXPECTED RESULT
5 vol	up to 2 levels of lightening
10 vol	up to 3 levels of lightening
20 vol	up to 5 levels of lightening
30 vol	up to 7 levels of lightening
40 vol	not recommended

The processing time depends on the degree of lightening you wish to achieve- check regularly up to 40 minutes.
A New Colour Bleach is an off-scalp bleaching system.
