IN SALON USE

SERVICE	RECOMMENDED TO	IDEAL FOR	TIP
STAND OUT BLONDES Enhance	Add warmer or cooler tones to natural or colored hair	Blonde clients who like to keep their blondes bright and vibrant but are lacking reflection and intensity	Recommend after the bleaching service or in case of natural blonde hair
BLONDE VIBES Tone	Neutralize unwanted yellow, adding tone for a perfect blonde every time	Blonde clients who want their blonde to be more blended, delicate, and enhance a gentle transparency of tones	Recommended as a gloss service to existing blonde clients that need shine and sparkle
SHINE AND BRIGHT Shine	Add gloss and shine to any look	Clients with natural, colored, or chemically treated hair (bleaching, perm, relaxer, re-bonding) using the Gloss	Recommend on top of a color service to glaze the final hair color, as the ultimate shine enhancer
BLEND AND REFRESH Refresh	Maintain the vibrancy and condition, while refreshing mid-lengths and ends during any root color service or to disguise the first white hair	Clients who need to enhance or equalize their existing color	Play with different tones to create more life on tired hair
BACK TO NATURAL Replace	Go richer and deeper, when missing depth	Clients who want to change reflect, go darker or are tired of the regrowth	Recommend when a re-pigmentation is necessary to ensure the longevity of the color and make it sparkle
